QUALITY & SERVICE

Since 1941 MBI has been providing sourcing of commodities and products for customers in AEROSPACE/ MIL, POWER GENERATION, Industrial Automation, Rail Transportation, Commodities & Products

- Electronic Components –Actives, Passives, Oscillators
- Interconnect Products
- Electro-Mechanical Products
- RF and Microwave Components and Assemblies
- Wire and Cable
- Computers and Peripherals
- Chemicals, Hazardous Manufacturing Materials
- Raw Materials
- Mechanical components
- Custom Source Drawings and Assemblies

OUR MAIN CAPABILITIES:

- ▣ Supply Chain Services
- ▣ Consolidated Point of Contact
- ▣ Value Added Services
- ▣ Testing and Screening
- ▣ Provision of Complex Solutions and

Obsolescence Management
